

EMERGENCY RAPID RESPONSE

When a surgical operation can't wait for normal timelines, ASSI deploys experienced perioperative professionals - fast.

10 hrs
First on-site

24 hrs
Full team deployed

12-16 hrs/day
Work hours

6 days
Min. deployment

WHEN YOU NEED US

Environmental Event Recovery

HVAC failures, water events,
sterile storage issues

Regulatory Survey Recovery

CMS, Joint Commission, OSHA
compliance, CAPA plans

Workforce Continuity & SPD Overload

Staffing shortages, backlog
recovery, tray assembly

Who We Deploy: Sterile Processing Technicians | SPD Educators | Surgical Technologists | OR Nurses | Leadership & Directors

WHAT THIS LOOKS LIKE IN PRACTICE

REAL DEPLOYMENT - A Midwest Health System

A moisture event compromised 5,000+ sterile trays, putting \$50.5 million in surgical revenue at risk. ASSI responded immediately.

What happened next:

10 hrs
First team member
on-site

5,000+ trays
Reprocessed - OR
stayed operational

10-person team
Deployed within
24 hours

\$50.5M
Surgical revenue
protected

12-16 hrs/day
For 6
consecutive days

Zero disruption
Surgeons kept patients.
Hospital kept schedule.

"Our team was on the ground before the facility even had a full damage assessment. That's what rapid response means - no hesitation, no delays, just action." - Jenny Muhammad, ASSI

HOW A RAPID RESPONSE DEPLOYMENT WORKS

- 1 You call. We move.**
Initial contact triggers immediate mobilization of our perioperative team.
- 2 Team on-site within 10-24 hours.**
Credentialed professionals arrive ready to work.
- 3 Minimum 6-day commitment.**
We stay until the crisis is resolved - no early pullouts.
- 4 Your team leads. Our team executes.**
We integrate under your facility's protocols and chain of command.
- 5 Operations restored. OR protected.**
Surgical schedules maintained, revenue preserved, compliance intact.

DON'T WAIT FOR THE EMERGENCY TO FIND A PARTNER.

Pre-establish your rapid response partnership today. Contact ASSI to support your operational resilience.
