ADVANTAGE SUPPORT SERVICES, INC.

At Advantage Support Services, we help **perioperative leaders** turn inefficiency into measurable gains.

Our team has completed **400+** surgical and SPD optimization projects across major hospitals and ASCs, delivering outcomes that speak for themselves:

- **Staff competency: ↑ from 62% to 93%**
- **Standards compliance: ↑ from 62% to 96%**
- **Instrument turnover delays: ↓ from 15.6% to 1.1%**
- **Surgeon satisfaction: ↑ by 108%**

We don't just fix problems, we build systems that last. Through Standardization 101, Flexible Endoscope Reprocessing Education, and Point-of-Use Care Training, our clients sustain performance long after our engagement ends.

Whether you need a focused assessment, staff education, or full departmental transformation, ASSI provides flexible, ROI-driven programs that elevate efficiency, compliance, and team confidence, helping you operate smarter, safer, and survey-ready.
